

Rules, Rewards & Sanctions

2019 - 2020

Dauntsey's

Introduction

All members of the Dauntsey's community are expected to treat each other with courtesy, respect and consideration, and are encouraged to respond positively to the demands that community life places upon them.

The School should be lively, creative and caring and it should also be a happy place with a friendly and supportive atmosphere. In this way we hope to create an environment in which all pupils have the opportunity to fulfil their potential and to achieve their aspirations, both academically and otherwise.

The quality of relationships in this School is of crucial importance in forming pupils' attitudes to good social behaviour and self-discipline. The Code of Conduct at Dauntsey's is based upon mutual respect between pupils, teaching staff and all other members of the community. It also includes a healthy respect for property. The Code of Conduct is printed in each term's calendar.

At times the Code of Conduct may be broken. This can cause suspicion and damage relationships; it is vital for the success of the community that, if and when problems arise, they are addressed promptly and sensitively.

The School Rules and the system of Rewards and Sanctions have been evolved to support the Code of Conduct and thus regulate the life of the community. It is a condition of a pupil's admission to the School, and of their remaining a member of it, that both parents and pupils accept and support the School's ideals.

Pupils should ensure that they are fully acquainted with both the Code of Conduct and the contents of this booklet.

Mark Lascelles
Head Master

The Code of Conduct

The Code of Conduct is based on a need for mutual respect and trust. All members of the Dauntsey's community have the right to experience a well-ordered environment that is conducive to study. This right can be achieved only when all members of the community accept their obligation to honour the Code of Conduct.

There are two main principles:

Everyone has the right to be treated with respect and to work in a clean, calm and safe environment.

This means:

1. treating everyone with courtesy, respect and consideration
2. showing respect for others by working sensibly in lessons and not disrupting the learning of others
3. caring for all members of the School community, for the buildings and equipment, and for the quality of the environment
4. showing consideration for others by moving around the School quietly and carefully
5. showing respect for the property of others
6. not saying or doing anything that is unkind and could be considered as, or encourages, bullying.

Everyone is expected to make the most of their time at school; all are asked to be punctual and well prepared for both lessons and other activities.

This means:

1. coming properly dressed and bringing everything you will need for lessons
2. arriving in plenty of time for the start of lessons
3. completing all work and prep on time, and to the best of your ability.

Dauntsey's is the place you come to work. Make sure you always do your best.

The Library Code of Conduct

The Library is an area for silent and independent study

General

- Work alone and in silence.
- Always ensure that you have work to do in Private Study lessons in the Library. At other times only use the Library if you have work to do, or for quiet reading.
- Food and drink, with the exception of a water bottle, may not be brought into the Library.
- Mobile phones should be switched to 'silent'.
- Pupils are responsible for all items borrowed and will be required to pay for any lost or damaged items.
- Pupils in PE kit must wear tracksuit trousers (unless the rule is relaxed when Summer uniform is allowed).

Computers

- The computers in the Library should only be used for educational purposes.
- There should be no more than one person to a computer at any time.
- This Code of Conduct applies at all times, including breaks and evenings, and to all parts of the Library.

ICT Acceptable Use Policy

Dauntsey's enjoys the privilege of a computer system with connection to the global ICT community and misuse of the system can cause significant disruption to the work of other members of the School. All users of the School's ICT facilities are deemed to have agreed with the conditions of the Acceptable Use Policy. This is published on Dauntseys.NET.

The key points of the AUP include:

- Access to the network is only possible with a valid username and password. The username uniquely identifies each individual, who is then personally responsible for all activity that takes place through the use of this username. Passwords must never be disclosed to any other person, either inside or outside School.
- Access to the Internet is both filtered and monitored in order to minimize the potential for harm to individuals by contact with materials that is defamatory, abusive, obscene, indecent, racist, sexist, in breach of copyright or otherwise inappropriate including material that seeks to promulgate terrorist activities and radicalist points of view.
- The use of e-mail and access to the Internet is only permitted once you have received your user name and password.
- During lesson and prep times the use of e-mail and access to the Internet from the School's computers and network should be for educational purposes only. Facilities for personal, social or non-educational use are provided at certain other specified times.
- Users must not:
 - Tamper with any school computing equipment, nor remove it from School.
 - Interfere with, or bypass, the security controls on the computer system.
 - Use technology in a way that causes hurt or harm to another pupil.
 - Install, or alter, software on any of the School's computers.
 - Write computer viruses or knowingly introduce computer viruses.
 - Use any of the School resources or facilities to assist or support any illegal activity.
 - Knowingly attempt to access and download or upload Internet material that is hurtful, defamatory, abusive, obscene, indecent, racist, sexist, or in breach of copyright, or is otherwise inappropriate, including material that seeks to promulgate terrorist activities and radicalist points of view.
 - Send or store e-mails or attachments containing material that is hurtful, defamatory, abusive, obscene, indecent, racist, sexist, or in breach of copyright, or is otherwise inappropriate, including material that seeks to promulgate terrorist activities and radicalist points of view.
 - Publish material about, or on behalf of, the School on the Internet without first seeking authority from the Network Administrator or a member of the Senior Management Team.

- Under data protection legislation and laws relating to confidentiality, publish personal details of identifiable individuals, even if accessed inadvertently, on the Internet without first obtaining the subject's permission or the permission of the subject's parent/guardian.
 - Cancel or dis-apply the School auto-signature/disclaimer attached to all e-mail messages.
 - Send or receive encrypted messages; if such a message is received it must be referred to the Network Administrator.
 - Connect personal computers to the School wired network.
 - Make use of any ICT facilities, whether within or outside the School, in a manner which may adversely affect the reputation of the School.
 - Attempt to use an alternative means of gaining internet access on the School network in order to view material which is blocked by the School's filtering system.
- Users must:
 - Assume that all material on the Internet is protected by copyright and therefore treat such material appropriately and in accordance with the owner's rights – e.g. pupils must not plagiarize another's original work.
 - Tell IT Support or a Senior Member of Staff immediately if they have accidentally read, downloaded or have been sent inappropriate material, which might be considered to be hurtful, defamatory, abusive, obscene, indecent, racist, sexist in breach of copyright, or otherwise inappropriate, including material that seeks to promulgate terrorist activities and radicalist points of view.
 - Only connect personal computers to the School WiFi having followed the guidance provided by IT Support.
 - Have up-to-date Anti-virus software installed on personal pcs and laptops.
 - Be aware of the appropriate uses of Skype and ensure that, in all instances, they are protected by acting responsibly when using it.
 - Users of cameras or mobile phones (with or without camera facilities) must adhere to the following guidelines:
 - **Using mobile phones or photographic material of any kind to bully, harass or intimidate others will not be tolerated and will constitute a serious breach of discipline.**
 - **Pupils may only use cameras (or mobile phones with camera facilities) with the express permission of the member of staff in charge of an activity and with the permission of those appearing in the image.**
 - **All pupils must allow a member of Senior Management or their Housemaster or Housemistress access to images stored on mobile phones and/or cameras. If it is believed by such persons that they are inappropriate in terms of being hurtful, defamatory, abusive, obscene, indecent or racist or that they might be used to bully, harass or intimidate others, they must**

delete images if requested to do so by a member of Senior Management or their Housemaster or Housemistress.

- **Posting of photographic material on websites such as YouTube, Facebook, Instagram etc. which, in the reasonable opinion of the Head Master, is considered to be offensive, hurtful to others or potentially damages the reputation of the School is a serious breach of discipline and will be subject to disciplinary procedures whatever the source of the material. This is the position whether the electronic device used belongs to the School or is a separate device operated in the pupil's home.**

Users of ICT equipment must be aware of the following points:

1. Individuals will be held personally responsible for all material that they have placed on a website and for all material that appears on a website for which they are the account holder.
2. If the Head Master has reasonable grounds to believe that a pupil's mobile phone, camera or personal laptop contains image(s), text message(s) or other material that may constitute evidence of criminal activity, he may hand the phone, camera or laptop to the police for examination.
3. Use of cameras, mobile phones with camera facilities or laptop computers in breach of this policy may result in confiscation of the equipment for a period of time deemed reasonable by the Head Master, and the pupil may be permanently prevented from bringing a camera, mobile phone or laptop onto School premises in future.
4. A pupil must not expect to keep his/her place in the School if he/she is responsible (in the sense explained above) for material on his/her own, or another, website that would be a serious breach of School rules in any other context.
5. Any misconduct, as outlined in this document, outside School will be liable to School discipline if the welfare of another pupil or the culture or the reputation of the School is placed at risk.
6. Failure by a pupil to abide by these guidelines may result in legal action being taken against them by any individuals, entities or organisations who consider that they have been slandered or defamed.
7. For their own protection and that of others, pupil use of e-mail and of the Internet is monitored by the School. It is important to remember that once an e-mail, or anything downloaded from the Internet, has been deleted, it can still be traced on the system.
8. An individual immediately loses control of any image or text that is sent to others, or placed on the Internet, since it can be copied, altered and retained.

The sanctions for any pupil misusing the facilities will depend upon the nature of the incident. They will range between:

- a Saturday evening Detention plus the possible withdrawal of unsupervised access to the network for up to one week and
- temporary or permanent exclusion at the Head Master's discretion.

In addition, a pupil (or their parents) may also be asked to pay for any significant expenditure, or indemnify any significant liability, incurred by the School as a result of the breach.

Individuals must be aware that in breaching any of the above guidelines they may also be acting illegally.

School Rules

A breach of common sense and trust is a breach of School rules.

1. All members of the Dauntsey's community are expected to abide by the Code of Conduct.
2. Any act of bullying, theft, blackmail, physical violence, intimidation or racism, constitute a serious breach of School rules, and all reported incidences of such behaviour will be thoroughly investigated.
3. Pupils must know, and comply with, the School Bounds Rules.
4. Pupils must know, and comply with, the School Dress Code.
5. Pupils must know, and comply with, the School rules on computer use and must abide by the ICT Acceptable Use Policy.
6. Smoking is not permitted, nor is the possession of tobacco. Chewing gum is not to be brought into School.
7. It is forbidden to purchase, possess or consume alcoholic drinks. However, in some circumstances, as explained in this document under the heading 'Alcohol', older pupils are exempt from this rule.
8. Misconduct of a sexual nature constitutes a serious breach of discipline.
9. It is forbidden to possess, or bring into School, unauthorised drugs.
10. The supply or possession of extreme pornography constitutes a serious breach of discipline.
11. Pupils, be they drivers or passengers, must be aware of, and comply with, the School driving regulations.
12. Personal behaviour should be discreet and seemly at all times and there should be no public displays of affection.
13. Pupils should respect the property of the School and that of all members of the community.
14. Pupils should be aware of, and comply with, the School safety rules.

Further guidance on the School rules is given in this handbook. In addition, the rules are posted on House notice boards.

The laws of the land circumscribe all School rules.

Further Guidance on the School Rules

Bullying

Bullying, in any form, is not acceptable and will not be tolerated.

All pupils have the right to enjoy their time at Dauntsey's in an atmosphere of emotional and physical security, and we, the staff and pupils, will uphold that right. Pupils have the right to talk to any adult at any time about bullying in the knowledge that the resulting staff intervention will be designed to bring any bullying to an end, without damaging pupils' peer group relationships.

Bullying is considered to be any act that deliberately causes pain, unhappiness, humiliation or suffering to another. Bullying activities include isolated or repeated acts of physical violence, persistent verbal abuse, the sending of hurtful text and e-mail messages, and the use of social media sites. The deliberate exclusion of others from the social groups that form in Houses, classes, the dining room and elsewhere is also an act of bullying. The erosion of self-esteem, and, in certain cases, the taking or spoiling of possessions, may also be classed as bullying.

Further guidance is given in a separate document detailing the School's anti-bullying policy.

Behaviour

As explained both in the Head Master's Introduction and in the Code of Conduct, pupils are expected to show consideration for all members of the School community, for the equipment and for the quality of the environment. In addition, they are expected to treat others with courtesy and respect. They should move around the School quietly and carefully, show respect for the property of others and work sensibly in lessons, thereby not disrupting the learning of other pupils. Any incidents of misbehaviour will be thoroughly investigated.

It is the School's policy to investigate all incidents involving Dauntsey's pupils, whether these occur on site or outside school, if the welfare of any individual in the School community or the reputation of the School is put at risk.

Bounds

In general, unless accompanied by a member of staff or taking part in an official school activity, no pupil may leave the main School grounds during the School day (8.25am-5.30pm), unless permission has been obtained from House staff. This includes pupils who are 'off games'.

There are a number of exceptions to this rule, however, and these are set out below.

- Upper School boarding pupils** may visit the village shop without staff permission at the following times:

Mondays–Fridays	1.15pm–2.30pm
	4.00pm–5.50pm
	7.00pm–7.45pm and 8.45pm–9.00 pm
Saturdays from	12.45pm until 9.00pm
Sundays up to	9.00pm
- Upper School day pupils** may visit the village shop without staff permission at the following times:

- On Upper School games' afternoons (Tuesdays and Thursdays), the shop may be visited from 3.30 pm if a games' activity has been completed.
- Once purchases have been made from the village shop, pupils should return to the School grounds immediately. Pupils are not allowed in the areas behind the village shop, i.e. the housing estate, garages and grassed area near the village hall.
- In exceptional circumstances boarding pupils may be given permission to visit the shop at other times in the evenings and at weekends.
- When crossing roads outside School gates, pupils should use crossings, if available.
- Trips to Devizes are arranged each week for boarding pupils and they may sign up for these without staff permission. Boarders who wish to visit another neighbouring town should obtain permission from House staff beforehand.
- Other than to visit the village shop, and other than as described above, Upper School boarders may only leave the site with the permission of House staff.
- No pupils are allowed outside paved areas of the main School grounds during the hours of darkness, other than as described above.
- The Manor grounds are out of bounds to all except Manor pupils unless pupils are undertaking a recognised or supervised activity. The Manor bounds rules for Lower School boarders are published separately.

11. The following are OUT OF BOUNDS to all pupils:

- The Staff Common Room, staff studies and offices, the private accommodation of all members of staff, the gardens of staff homes, the School offices and reception area, except when accompanied by a member of staff.
- The kitchens, unless requested by a member of staff.
- The area behind Jeanne House and the Lower School Centre.
- All laboratories, pavilions, the Sports Hall and the Swimming Pool, except with staff permission.
- The Memorial Hall lawn and all cricket squares.

Further Guidance on Dress Regulations

General

School dress, as prescribed above and including School sports' kit, is to be worn until 5.30pm from Monday to Friday, and up to 1.30pm on Saturdays, after which pupils may change into their own clothes. However, if pupils are involved in matches or any other school activity, they must remain in uniform until their commitments are fulfilled.

Unless summer dress has been declared, all pupils in the First to Fifth Form are required to wear a jacket.

If a pupil wishes to adopt a particular style of dress because of their religious beliefs, they should consult the Head Master.

All day pupils should travel to School in full School uniform.

Between 8.00am and 4.00pm all pupils should be dressed in full School uniform. On certain occasions it might be necessary for pupils to wear School sports' kit to lessons; this should only be the case if it is a requirement of the lesson (for example A Level Physical Education) or special permission has been given by the member of staff running an official activity either just before or just after the lesson.

When this is necessary, all pupils must ensure that tracksuit trousers are worn. This is also the case when any pupil is having lunch when dressed in School PE kit (Monday to Saturday) in the Dining Hall.

After 4.00pm day pupils may wear their House sweatshirts/hooded tops as part of their games' kit if they are attending a club/activity; boarders can wear their House sweatshirts/hooded tops at this time.

All pupils travelling home in the evening on the buses must do so in either full School uniform or full School tracksuit.

Jewellery Nose studs, tongue studs and the like are not allowed under any circumstances.

Hair There should be no extremes of style, colour or cut.

Boys: Hair must be groomed and tidy; side burns should not be below the ear lobe and hair should be off the collar. Boys should be clean shaven.

Girls: If hair is worn long it must be kept groomed and tidy, or be tied back.

School Transport

Pupils using School transport are expected to travel to school in School uniform. They can return home in uniform or full School tracksuit.

Summer Uniform

Once the Head Master declares ‘Summer Dress’ the following modifications are allowed:

Boys - Sixth Form

Jackets need not be worn.

Notes:

1. Only shirts with a formal collar should be worn - polo shirts are unsuitable.
2. If the tie is removed, a jumper should not be worn.
3. It is acceptable to wear a jacket without a tie.

Fifth Form and below

Pupils may choose not to wear blazer but a jumper cannot be worn without a blazer. It is permissible still to wear a tie; this can be done with or without a blazer. If the tie is removed, a jumper cannot be worn. A short-sleeved shirt may be worn.

Girls - Sixth Form

Jackets need not be worn.

Notes:

1. Sleeveless blouses may only be worn as long as bra straps remain hidden under a wide strap covering the top of the shoulder.
2. Very thin skirts of any pattern or colour should not be worn.
3. Dark-coloured or patterned underwear that is visible through a light-coloured blouse should not be worn.

If any item of dress is found to be unacceptable, boarders will be asked to return to their Houses and change, and day pupils will be asked to report to House staff.

Smoking

Pupils are forbidden to smoke, or possess tobacco in any form; this includes electronic cigarettes and vapourisers. It is also forbidden to possess matches or cigarette lighters.

Any pupil who breaks the rules on smoking will be subject to the following sanctions, which will apply for a 12-month period from the date of the first offence:

First offence

Parents informed. Saturday evening detention.

Second offence

Parents informed. Saturday evening detention or temporary exclusion from School for up to 1 week.

Third offence

Temporary or permanent exclusion at the Head Master's discretion.

If an offence is serious it will assume greater gravity (e.g. pupils supplying tobacco to, or smoking in the presence of, pupils younger than themselves). Any pupil caught smoking inside a School building should expect to be suspended immediately. Pupils who are found in the presence of other pupils who are smoking can expect similar disciplinary action to be taken against them.

Pupils who feel unable to give up smoking will always be offered some form of medical support in the form of therapy or counselling. However, a pupil who persistently breaks the no smoking rules, and who has exhausted the normal disciplinary procedures, may expect to be asked to leave the School.

Drugs

It is forbidden to possess drugs of any kind, including those banned by the Psychoactive Substances Act, except where expressly authorised by the School Doctor or Senior Sanatorium Sister. Authorisation will only ever be given for a drug prescribed by a medically qualified practitioner or over the counter medicines. Parents should ensure the pupil contacts the Senior Sanatorium Sister at the first possible opportunity with any medication or prescribed drugs. The sale, supply, possession or use of illegal drugs at any time constitutes a criminal offence whether on, or outside, School property and whether in term time or vacation. A pupil contravening these rules should expect that the Police will be informed and the most likely outcome is that they will be required to leave the School.

The School treats the possession, use, supply or sale of psychoactive substances as a substantial breach of School policy, and any pupil found to be in contravention of this policy is likely to be required to leave the School. The misuse of solvents is also forbidden.

If the Head Master feels there is reasonable cause, he may request a medically supervised test to establish whether a pupil has used illegal drugs.

Alcohol

Pupils are forbidden to purchase, possess or consume alcoholic beverages. Exceptions to this are:

- Within the 17 Club by those who are members of the Club. Following the introduction of The 2003 Licensing Act, which came into effect in November 2005, the School has adapted its policy in order to conform to the regulations of the new Act. This allows, in the case of older pupils, a sensible and reasonable approach such as might be found in the pupil's own home. Of course, the laws of the land circumscribe any School dispensation.
- Formal House/School dinners, directly under the supervision of members of staff. At such events only beer and wine will be available, and it will not be served to pupils below the Sixth Form, or to Sixth Form pupils when House staff know there are family objections.

In addition it is forbidden to visit any licensed premises, other than the village shop. Exceptions to this are:

- Sixth Form pupils with specific permission from House staff, and who are in possession of appropriate identification.
- pupils accompanied by parents/guardians, or who are the guests of other parents/guardians.

It is recognised that some parents may have objections to their sons or daughters using the dispensation set out above. House staff are glad to hear of such cases and to support parents accordingly.

Any pupil who breaks the rules on alcohol will be subject to the following sanctions:

First offence

Saturday evening detention. Parents informed.

Second offence

Saturday evening detention (parents informed), or temporary exclusion from School for up to 1 week.

Third offence

Temporary or permanent exclusion at the Head Master's discretion.

At the start of all 17 Club and House Parties a breathalyser will be used on a randomly selected group of pupils in order to ascertain if any of them have been drinking before the event. This will only be done by the Second Master or by a senior member of staff in his absence.

Sanctions will apply for a 12-month period from the date of the first offence. If any offence involves spirits, or medical intervention is required, a pupil should expect to be temporarily excluded from School. If a pupil brings any alcohol into the School, they should expect to be temporarily excluded.

Plagiarism

Plagiarism is the reproduction, without acknowledgement, of work, including that of fellow pupils, either verbatim or in close paraphrase. In this context, the work primarily includes material taken from books, textbooks or downloaded from the internet.

The School takes allegations of plagiarism very seriously. Instances that are discovered in the Lower School will normally be punished with a School detention, during which the work will be repeated. In the Upper School, a pupil should expect to be punished with a Saturday afternoon detention for any internal piece of work that demonstrates clear signs of plagiarism. If plagiarism is detected in work that is to be submitted to an Examination Board as a piece of coursework, the Examination Board will normally be contacted and the consequences are likely to be very serious. In this final example, the pupil will be punished internally with a Saturday evening detention.

For all instances of plagiarism, the School will write formally to the parents of the pupil involved. In the event of a pupil repeating the offence, the consequences are likely to be much more serious and could involve suspension from School.

Motor Vehicles

It is forbidden to bring into School any motor cycle or car, except as authorised by Housemasters and Housemistresses and the Second Master for day pupils. Boarders may not drive cars, except when accompanied by the family for the purpose of returning to or leaving School, nor may they be carried in cars driven by day pupils, unless under exceptional circumstances and only when permission has been granted by both sets of parents and by the Second Master. However, in the summer term only, Upper Sixth boarders are allowed to bring cars to School subject to the same conditions as day pupils; keys must be given to House staff whilst the pupil is in School.

Day pupils who satisfy the legal requirements of a full driving licence may apply to drive a car/motor cycle that is licensed, taxed and insured, and in good order (MOT if appropriate) for journeys to, and from, home and School only. Special permission from House staff must be sought in advance for any other journey.

Completed application forms must be passed to the Second Master, who will maintain the School register of permitted vehicles, drivers and passengers. Forms must also be countersigned by House staff. Any alteration, such as a change of vehicle, must be notified in advance to the Second Master.

Day pupils wishing to carry another day pupil passenger, to and from School only, must present written permission from both sets of parents. If permission is so granted, it is strictly for travelling to and from School only. Boarding pupils may be carried, in exceptional cases only, to and from the School following written permission from both sets of parents.

Vehicles must be parked only in the area designated by the School. The School can take no responsibility for the safety of vehicles parked on the School site.

This dispensation is not an automatic right and any breach of the conditions will result in the withdrawal of the privilege.

Relationships

The School is a completely co-educational environment and a close integration between pupils in the classroom, in extra-curricular activities and on the sports field is both expected and to be encouraged.

As in any community, however, it is sensible to have guidelines in place to inform all on what is considered to be an acceptable code of behaviour.

- There should be no public displays of affection.
- Pupils must be aware that being in close physical contact leaves them vulnerable to more serious accusations. In such cases sanctions are at the discretion of the Head Master and may involve the issue of a formal warning, suspension or, in extreme circumstances, expulsion.
- Pupils must be aware of, and adhere to, House visiting rules.

Use of Mobile Phones around School

Rationale

- The School recognises that personal communication through mobile technologies is an accepted part of everyday life and provide pupils and parents with a ready means of communicating. However, there is a need to set clear guidelines and limit their use during the School day.
- The School recognises the importance of technologies in mobile phones (eg camera and video recoding, internet access, MP3 and MP4 playback, blogging etc) and therefore teachers may wish to utilise these functions to aid teaching and learning. However, the use of mobile phones in one lesson for a specific purpose does not mean that similar usage is acceptable in other lessons, unless instructed.

Responsibility

- The decision to provide a pupil with a mobile phone should be made by the parents or guardians. It is the responsibility of the parents or guardians to understand the capabilities of the phone and the potential use, and misuse, of these capabilities.
- The School cannot accept any responsibility for any loss, damage or costs incurred due to its use at School.
- Parents and guardians are reminded that in cases of emergency, the School Reception offers an appropriate point of contact and can ensure that a message reaches a pupil. This also reduces the likelihood of lessons or activities being inadvertently disrupted.
- It is strongly advised that pupils use passwords/pin numbers to ensure that unauthorised phone calls or messages cannot be made from their devices. It is also recommended that pupils mark their devices clearly with their names (invisible marker pens can be used).

Acceptable Use in the Upper School

- Mobile phones must be kept in 'silent' mode throughout the time that pupils are in School. They must not be used in Assemblies/Services or in the Dining Hall.
- Fourth and Fifth Form pupils may only use mobile phones in House areas, in the Library, or when a member of staff specifically requests their use in a lesson.
- When they are used, as explained above, it is important that they are used discreetly and that pupils display courtesy, consideration and respect for others.

Acceptable Use in the Lower School

- Mobile phones may be brought into School, but they should be handed to House staff on arrival.
- They will be locked away securely from 08:20 – 17:20 (Monday to Friday) and 08:20 - 12:45 (on Saturday).
- The Manor pupils leave their phones locked away safely at The Manor.

Sports Fixtures

There is a full range of fixtures against other Schools

If required by the School, all pupils must participate in team games. The Heads of Sports select pupils to play team games. If a pupil is unable to attend a particular fixture their parents must seek permission from the Head Master well in advance.

Team sheets are published on the relevant team notice boards and on the School's intranet as far in advance of the fixture as possible.

Property

All property should be clearly labelled with the name of the owner.

Pupils should not:

- leave books and equipment lying around the School site; books and equipment should be stored in the designated areas or left on the green racks or the pigeon holes by the glasshouse or the Library, for a temporary period of time
- borrow property, or money, including clothing and games kit, without the consent of the owner
- borrow or handle School equipment without the consent of a member of staff
- damage any School buildings or property belonging to the School or any other member of the community
- bring into School any mains electrical equipment, unless sanctioned by a Housemaster or a Housemistress
- bring large sums of money to School.

The deliberate removal or borrowing of School or personal property without consent for any period of time may be deemed an act of theft and will be dealt with very seriously indeed. All instances of theft will be thoroughly investigated, and the police will be informed in serious cases. Any member of the School found to be guilty of theft will be subject to a range of sanctions up to and including temporary or permanent exclusion.

Parents are advised to ensure that adequate insurance cover is in place to protect pupil belongings whilst on the School premises.

Protocol for the searching of the possessions of a pupil

On occasions it may be necessary to search the possessions of a pupil. This can only be done once permission has been received from the Head Master or, in his absence, the Second Master. When the search is carried out, the pupil should be present, with an option to be supported by a member of staff, relative or friend of his or her choosing.

Where a pupil is unable to be present (e.g. if they are absent from School), they must be informed that a search is due to take place and given every opportunity to be present. If it is not possible for them to be present, they must be given the opportunity to nominate a friend or supporter who is able to be present whilst their possessions are being searched. It should be explained to the pupil exactly what is being sought, and they should be given the opportunity to discuss the situation before the search commences.

Anything found and subsequently confiscated should be formally recorded and acknowledged by signature by those present. Any item removed must be stored securely and a time frame for its return must be discussed with the pupil concerned.

Safety

In order to make the School a safe environment for all members of the community the safety rules must be both known and observed. In particular, full attention should be given to the fire regulations and the School evacuation procedure, details of which are posted around the School.

In addition pupils should not bring any item into School that is likely to endanger themselves or others. This includes:

- fireworks, or other explosive material, firearms, knives or any other kind of weapon.

In addition pupils should not:

- cycle, skateboard or roller blade in the school grounds in a manner liable to cause an accident (see additional rules below)
- hitch-hike.

Bicycles

General

- Pupils may not ride across any grassed area.
- Pupils must wear a protective helmet.

Boarders

- Boarding pupils may ride bicycles on the School site at any time on a Sunday and after the buses have left on other days of the week.
- Before riding a bicycle out of the School grounds, a pupil must first obtain permission from a member of the House staff. For such outings pupils must wear the appropriate safety equipment.

Day pupils

Day pupils may use a bicycle to travel to and from School only. They do so subject to the general conditions set out above. Pupils should ensure that appropriate safety equipment is worn and that bicycles are safely secured during the School day.

Incentives and Rewards

In order to promote self-esteem amongst pupils, positive behaviour is recognised by rewarding such things as commitment, initiative, responsibility, self-discipline, good manners and exceptional work.

Rewards may take many forms, e.g. verbal praise, positive reports, written commendation to House staff for parents, positive comments in the pupil planner.

A system of Merit Points is used to promote positive behaviour. Points can be awarded, for instance, when a single piece of work is of high quality (bearing in mind the ability of the pupil) or when the pupil has performed a significant act of kindness. Merits are recorded electronically and Awards will be made for every ten Merit Points on a termly basis.

After each grades session, Lower School pupils with a strong set of grades or significantly improved grades receive commendation from the Head Master.

If a pupil, in either the Lower School or the Upper School, produces an exceptional piece of work, they are requested to show it to the Head Master and they receive a Head Master's Commendation for Excellence.

In addition to the Merit Point system, School prizes, Sports Colours and Head Master's commendation certificates may be awarded for valuable contributions to the School community or for individual performances, both in the classroom and beyond. House and School positions of responsibility are also the outcome of positive behaviour.

The greatest reward for good behaviour lies in the quality of life and relationships that pupils build among themselves and with staff.

Sanctions

Pupils are actively encouraged to keep to the Code of Conduct and the School Rules in the proper spirit of the community. However, when things do go wrong, when rules are broken or when expectations are not met, the School may invoke the following sanctions to reinforce what it believes to be right.

If a pupil is persistently in breach of the School Rules, or his or her attitude is seriously damaging to the welfare of others, or for a single major breach of the School Rules, he or she may be asked to leave the School. Association with drugs, and cases of malicious or bullying behaviour, are examples of what may be classified as such a breach.
