

Simone Wilmot
DSPA Chairman

15 January 2020

Dear Parents

Happy New Year to you and here's wishing you all an amazing 2020.

The DSPA well-being area on Mercers field is now taking shape and 60 trees were planted in December by pupils of all ages as well as parents and families who had donated trees. The plan is to include outdoor gym equipment once planning permission is sought and make this into a lovely area with huge park type trees, bulbs in the spring, meadow flowers and then a path with the gym equipment as well as benches. The gym equipment and many of the trees are a donation from the DSPA.

Under each donated tree a plaque will be added with the families own wording. We have also had some amazing families donate benches which will be added to the area.

We would like to ask if you would like to add a donation and sponsor one of the trees already planted. The cost of a tree together with a rigid laminate plaque fitted to a 30 x 30 cm local stone is £180.00.

If this is of interest then do please get in touch via dspacontact@gmail.com

This is an exciting project, leaves a great legacy for our families and will be an amazing area for generations to enjoy.

Thank you and warm regards
